INDEX TO 1944 EDISON ELECTRIC INSTITUTE BULLETIN

Volume 12

Issue	*Pages*	*Issue*	*Pages*
January	1- 32	July	197-232
February	33- 64	August	233-272
March	65- 96	September	273-304
April	97-128	October	305-336
May	129-164	November	337-368
June	165-196	December	369-396

General Index

A

Accident Prevention
- Artificial Respiration and Mechanical Resuscitators—W. R. Smith, 112
- By What Steps Does a Foreman Assume Responsibility in a Safety Program—H. O. Sprinkle, 349
- EEI Accident Prevention Committee Member is Co-Author of New Book, 63
- Fatal Electrical Accidents Can Be Prevented—D. C. Stewart, 319
- How We Do It—C. B. Boulet, 348
- Linemen Cutouts—H. H. Berman, 327
- Putting Facts to Work in Accident Prevention—W. T. Rogers, 185
- Southern Safety Conference to be Held at Atlanta, 64
- Ten Years Without Progress in Accident Prevention—A Challenge to Our Industry—K. R. MacKinnon, 27
- Where Do We Go From Here in Accident Prevention?—H. O. Sprinkle, 265

Accident Prevention Committee
- Chicago Meeting, 190
- New York Meeting, 333
- Pittsburgh Meeting, 61
- Pittsburgh Meeting, 92

Accounting
- Comments by EEI Depreciation Committee on 1943 Report of NARUC Committee on Depreciation, 70
- EEI Depreciation Principles Report Adopted, 69
- Depreciated Original Cost Rate Base—C. E. Packman, 169
- Depreciation Accounting As Applied to Public Utilities—S. Ferguson, 113
- Depreciation Accounting Innovations From Viewpoint of Investor—Philip L. Warren, 262
- Progress Continues in Simplification of Reports to Governmental Agencies—W. G. Bourne, Jr., 38
- Reducing Government Questionnaires Through Utility Sub-Committees—David J. Guy, 100
- Significance of the Term "Net Property" As Applied to Public Utilities—S. Ferguson, 6

Accounting Committee
- Cleveland Meeting, 73, 187

Advertising
- Utilities Prize-Winning Advertising Material Available, 196
- Winning "Miss Public" With Good-Will Advertising—Kimball I. Jack, 109

Air Conditioning
- Postwar View of Automatic Indoor Climate—P. B. Zimmerman, 148
- Sixth Ingredient—The Heat Pump—Philip Sporn, 240

American Way Is Not the Easy Way—W. C. Mullendore, 97

An Appraisal of Farm Electrification Needs—Roy E. Hayman, 103

An Appraisal of Our Competition, 379

An Economist's View of "Planning"—Henry Hazlitt, 331

Annual Meetings
- See Conventions and Meetings

Artificial Respiration and Mechanical Resuscitators—W. R. Smith, 112

Automotive Fleets
- Maintenance and Operation of Public Utility Automotive Fleets—Jean Y. Ray, 168

Awards
- Award of 12 More Edison Medals Brings Total Resuscitation Awards to 577—Mae B. Woods, 53
- Duquesne Light Company Wins National Security Award, 193
- McCall Award Offered for Achievements of 1943, 46
- Philadelphia Electric Company Wins National Security Award, 88
- Two More Companies Win National Security Award, 162
- West Penn Power Receives National Security Award, 60

B

Better Production Methods Pay Dividends—Robert G. Ely, 178

Book Containing Utilities Prize Winning Advertising Material Available, 196

Broadened Horizons for Electric Power—H. C. Thuerk, 165

By What Steps Does a Foreman Assume Responsibility in a Safety Program—H. O. Sprinkle, 349

C

Can Business, Labor and Agriculture Co-Operate Profitably in Our Free Enterprise—G. L. Stanton, 307

Circuit Breakers
- Maintenance of Service on Customers' Premises, 380

Comments by EEI Depreciation Committee on 1943 Report of NARUC Committee on Depreciation, 70

Commercial Activities
- Chicago Meeting, 36
- EEI Commercial Committees Reorganize for Large Postwar Sales Promotion Job—G. W. Ousler, 369
- Effect of Perishable Food Preservation On Electric Utility—Clarence Birdseye, 143
- Electrical Living In Homes of Tomorrow—M. E. Skinner, 149
- Highlights of Commercial Committee Activities in 1943—C. E. Greenwood, 19
- Improved Customer Service at Less Cost—R. E. Fisher, 223
- Institute's Eleventh Annual Commercial Conference Breaks All Records—C. E. Greenwood, 129
- Ousler Expands Organization of EEI Commercial Committees, 360
- Some Thoughts On Our Problems of Today and Tomorrow—Edwin Vennard, 131
- Utility-Dealer Relationships in Postwar Selling—C. E. Greenwood, 51

Committees
- See Specific Committee
- Personnel for 1944-1945, 295

Community Development
- Faith Without Works is Dead—S. P. Vecker, 227

Competition
- An Appraisal of Our Competition, 379
- Competition Demands a High Order of Company Teamwork—Kinsey Robinson, 219

Constitution of EEI, 198

Conventions and Meetings
- Annual Meeting, Canadian Electrical Association, 269
- Annual Meeting of the Institute, 197
- Indiana Electric Association, Annual Meeting, 365

Northwest Association Meeting, 300
Pennsylvania Electric Association Discusses Preparedness for Peace, 334
Rocky Mountain Electrical League Annual Meeting, 365
Southeastern Electric Exchange Sales Conference, 394
Customer Service
Improved Customer Service at Less Cost—R. E. Fisher, 225
Maintenance of Service On Customers' Premises, 380

D

Depreciation
Comments by EEI Depreciation Committee on 1943 Report of NARUC Committee on Depreciation, 70
Depreciated Original Cost Rate Base—C. E. Packman, 169
Depreciation Accounting As Applied to Public Utilities—S. Ferguson, 113
Depreciation Accounting Innovations From Viewpoint of Investor—Philip L. Warren, 262
EEI Depreciation Principles Report Adopted, 69
Significance of the Term "Net Property" As Applied to Public Utilities—S. Ferguson, 6
Development of Domestic Electric Service in United States, 376
Distribution
Distribution Transformer Protection Problems—J. B. Hodtum, 79
Economic Study for Future Distribution Growth—G. H. Fiedler, 278
Future Trends in Cables for Distribution Voltages—G. B. Shanklin, 122
Higher Distribution Voltages for Postwar Loads—A. E. Silver, 248
Improvement of Service Reliability Through Intelligent Use of Records—T. H. Haines, 359
Lightning Protection of Sub-Transmission Lines—G. D. McCann, 351
Outline for Distribution Planning—Frank Sanford, 75
Problems Ahead for Electric Utilities Which Offer the Greatest Opportunity for Further Study—E. V. Sayles, 273
Underground Conduit System Installation Using Tunnel Construction Method—P. B. Boyd, 387
Distribution Transformer Protection Problems—J. B. Hodtum. 79
Domestic Service
Development of Domestic Electric Service in United States, 376
Duquesne Light Company Reveals Postwar Sales Policy, 386

E

Economic Study for Future Distribution Growth—G. H. Fiedler, 278
EEI Annual Meeting Held New York, 130
EEI Commercial Committees Reorganize for Large Postwar Sales Promotion Job—G. W. Ousler, 369
EEI Commercial Planning Committee Releases First of Series of Postwar Planning Reports, 310
EEI Constitution, 198
EEI Depreciation Principles Report Adopted, 69
Effect of Perishable Food Preservation On Electric Utility—Clarence Birdseye, 143
Electric Industry
President's Address—C. W. Kellogg, 200
Electric Kitchens
Plan Your Kitchen—Now!—Vernon E. Shepherd, 230
Electric Power
Broadened Horizons for Electric Power—Hugh C. Thuerk, 165
What Have We To Sell?—C. W. Kellogg, 153
Electric Power Is Negligible in State and Local Postwar Planning, 330
Electric Power Supply
Electricity's Record Breaking Year—1943, 1
Electric System Planning
Modern Equipment Aids System Savings—A. C. Monteith, 253
Planning for Economies Yet To Be Had in System Costs—S. M. Dean, 233
Electrical Equipment Committee
Chicago Meeting, 191
Cincinnati Meeting, 61, 91
Pittsburgh Meeting, 364
Electrical Living In Homes of Tomorrow—M. E. Skinner, 149
Electricity's Record Breaking Year—1943, 1
Electronics
How Edison Discovered Keystone of Electronics—Dr. O. H. Caldwell, 74
Employee Relations
See also Personnel
Competition Demands a High Order of Company Teamwork—Kinsey Robinson, 219
Employees' Manuals, 281, 283
Excess Profits Tax—C. W. Kellogg, 305
Expanding Electric Service on the Farm—Grover C. Neff, 133

F

Faith Without Works Is Dead—S. P. Vecker, 227
Farm Electrification
See Rural Electrification
Farm Extension Plans—Positive Approach—G. V. Rork, 216
Fatal Electrical Accidents Can Be Prevented—D. C. Stewart, 319
Federal Projects, Co-Operatives Held Threat to Utilities—Shelly Pierce, 393
Fluorescent Lamps As A Renewal Business—Ward Harrison, 180
Flood Control
General Observations On Flood Causes and Control—D. W. Snyder, Jr., 47
Food Preservation
Effect of Perishable Food Preservation On Electric Industry—Clarence Birdseye, 143
Free Enterprise
American Way Is Not the Easy Way—W. C. Mullendore, 97
Can Business, Labor and Agriculture Co-Operate Profitably in Our Free Enterprise?—G. L. Stanton, 307
Jobs Over Kilowatts—Frank McLaughlin, 377
Public Services—The Bulwark of Private Enterprise—Donald D. Conn, 289
Fundamental Investigation of Graphitization of Piping, 323
Fundamental Investigation of Graphitization of Piping—Progress Report No. 2—Alex D. Bailey, 125
Future of Industrial Power—C. B. Stainback, 138
Future Trends in Cables for Distribution Voltages—G. B. Shanklin, 122

G

General Observations on Flood Causes and Control—D. W. Snyder, Jr., 47
Getting Ready for Postwar Business—Merrill E. Skinner, 203
Graphitization of Piping
Fundamental Investigation, 125, 323
Grounding
Interim Report of the American Research Committee on Grounding, 87

H

Heat Pump
Sixth Ingredient—The Heat Pump—Philip Sporn, 240
High Frequency Induction Heating—H. E. Somes, 285
Higher Distribution Voltages for Postwar Loads—A. E. Silver, 248
Highlights of Commercial Committee Activities in 1943—C. E. Greenwood, 19
Home Service
Regional EEI Home Service Conference Held at New York, 192
What Women Want in Equipment for Their Kitchens of Tomorrow, 317
How Edison Discovered Keystone of Electronics—Dr. O. H. Caldwell, 74
How We Do It—C. B. Boulet, 348
Human Wants and What We Are Going to Do About Them—R. C. Muir, 221

I

Improved Customer Service at Less Cost—R. E. Fisher, 225
Improvement of Service Reliability Through Intelligent Use of Records—T. H. Haines, 359
Indiana Electric Association—Annual Meeting, 365
Induction Heating
High Frequency Induction Heating—H. E. Somes, 285
Industrial Development
Faith Without Works Is Dead—S. P. Vecker, 227
Industrial Development and Reconversion—E. M. Clapp, 135
Industrial Lighting Is Cornerstone of the Industry's Revenue—Ralph P. Wagner, 339
Industrial Power
Better Production Methods Pay Dividends—Robert G. Ely, 178
Future of Industrial Power—C. B. Stainback, 138
High Frequency Induction Heating—H. E. Somes, 285
Industrial Development and Reconversion—E. M. Clapp, 135
Opportunities—A Challenge to Power Men—E. L. Kavanaugh, 175
Subsidized Competition—H. C. Webb, 181

Industrial Relations
See also Personnel
Manpower and Labor Trends—H. K. Breckenridge, 209
Institute's Eleventh Annual Commercial Conference Breaks All Records—C. E. Greenwood, 129
Interim Amendments to National Electrical Code Revised, 144
Interim Report of the American Research Committee on Grounding, 87

J

Job Appraisal Plan of Detroit Edison Company—Lynden J. Kaufmann, 77
Job-Training By Models—Edmund R. Paige, 383
Job Valuation
See Personnel
Jobs Over Kilowatts—Frank McLaughlin, 377

L

Lamps and Lighting
Fluorescent Lamps As a Renewal Business—Ward Harrison, 180
Radio Noise from Fluorescent Lamps—C. S. Young, 59
What's Ahead in Lighting?—R. C. McFadden, 145
Laura McCall Award Offered Again for Achievements of 1943, 46
Lightning Protection of Sub-Transmission Lines—G. D. McCann, 351
Linemen Cutouts—H. H. Berman, 327
Load Forecasting
Weatherman Can Help in Load Forecasting for Utilities—A. E. Davison, 361
Long Range Values in Standardization of Electric Apparatus—H. V. Erben, 83

M

Maintenance and Operation of Public Utility Automotive Fleets—Jean Y. Ray, 168
Maintenance of Service On Customer's Premises, 380
Manpower and Labor Trends—H. K. Breckenridge, 209
Manpower Situation in the Electric Utilities—Alexander Maxwell, 33
Memorandum on Postwar Taxes—Grover C. Neff, 337
Meters
Watthour Meter—Modern Versus Old—Arthur B. Craig, 356
Modern Equipment Aids System Savings—A. C. Monteith, 253

N

National Electrical Code
Interim Amendments to National Electrical Code Revised, 144
New Techniques in Leadership—Clyde V. Hussey, 23
Northwest Association Forms Committee for Postwar Planning, 192
Northwest Association Meeting, 300

O

Obituaries, 86, 164, 192, 193, 239, 366, 392
Opportunities—A Challenge to Power Men—E. L. Kavanaugh, 175
Other Side of the Mountain—William M. Carpenter, 65
Ousler Expands Organization of EEI Commercial Committees, 360
Outline for Distribution Planning—Frank Sanford, 75
OWU Letter on Manpower Problems in the Electric Industry, 37

P

Pacific Gas & Electric Co. Dwarfs Boulder Dam, Bonneville, Grand Coulee, 186
Pennsylvania Electric Association Discusses Preparedness for Peace, 334
Personals—31, 62, 95, 127, 163, 194, 231, 270, 302, 335, 367, 395
Personnel
A Tentative Job Valuation Plan—Herbert M. Sharp, 106
Employees' Manuals
I—Procedure Manual—Otto Price, 281
II—An Employee Information Booklet—R. L. Lagerquist, 283
Job Appraisal Plan of the Detroit Edison Company—Lynden J. Kaufmann, 77
Job Training by Models—Edmund R. Paige, 383
Manpower and Labor Trends—H. K. Breckenridge, 209
Manpower Situation in the Electric Utilities—Alexander Maxwell, 33
New Techniques in Leadership—Clyde V. Hussey, 23
OWU Letter on Manpower Problems in the Electric Industry, 37
Postwar Manpower Problems—Morris S. Viteles, 15
Personnel (EEI Committees) for 1944-1945, 295
Philadelphia Electric Company Wins National Security Award, 88
Plan Your Kitchen—Now!—Vernon E. Shepherd, 230
Planning
See also Postwar Activities and Planning
An Economist's View of "Planning"—Henry Hazlitt, 331
Planning for Economies Yet to Be Had in System Costs—S. M. Dean, 233
Planning for Postwar Objectives—James W. Irwin, 155
Power for Peace for Farm and for Home—C. M. Ripley, 311
Postwar Activities and Planning
An Appraisal of Our Competition, 379
Discussion of Mr. Skinner's Address—Hugh C. Thuerk, 207
Duquesne Light Company Reveals Postwar Sales Policy at Dealers' Meeting, 386
EEI Commercial Planning Committee Releases First of Series of Postwar Planning Reports, 310
Electrical Living in Homes of Tomorrow—M. E. Skinner, 149
Electric Power Is Negligible in State and Local Postwar Planning, 330
Getting Ready for Postwar Business—Merrill E. Skinner, 203
Human Wants and What We Are Going to Do About Them—R. C. Muir, 221
Northwest Association Forms Committee for Postwar Planning, 192
Other Side of the Mountain—William M. Carpenter, 65
Outline for Distribution Planning—Frank Sanford, 75
Planning for Postwar Objectives—James W. Irwin, 155
Postwar Manpower Problems—Morris S. Viteles, 15
Some Problems Facing Operating Executives and Engineers in Postwar Era—C. B. McManus, 373
Utility-Dealer Relationships in Postwar Selling—C. E. Greenwood, 51
Postwar Manpower Problems—Morris S. Viteles, 15
Postwar View of Automatic Indoor Climate—P. B. Zimmerman, 148
Present Challenge of Rural Electrification—C. H. Leatham, 29
President's Address—C. W. Kellogg, 200
Problems Ahead for Electric Utilities Which Offer the Greatest Opportunity for Further Study—E. V. Sayles, 273
Progress Continues in Simplification of Reports to Governmental Agencies—W. G. Bourne, Jr., 38
Progress Report of ASA Electrical Committee, 89
Properties of Electrical Insulating Compounds Made from Buna S (GRS)—E. W. Davis, 314
Public Relations
American Way Is Not the Easy Way—W. C. Mullendore, 97
Job Over Kilowatts—Frank McLaughlin, 377
New Techniques in Leadership—Clyde V. Hussey, 23
Public Services—The Bulwark of Private Enterprise—Donald D. Conn, 289
Record Tells the Story of Puget Power—Frank McLaughlin, 11
Some Thoughts on Our Problems of Today and Tomorrow—Edwin Vennard, 131
Winning "Miss Public" With Good-Will Advertising—Kimball I. Jack, 109
Public Services—The Bulwark of Private Enterprise—Donald D. Conn, 289
Putting Facts to Work in Accident Prevention—W. T. Rogers, 185

R

Radio Frequency Allocations
Report to the Industry on RTPB Work—G. H. Underhill, 292
Testimony on Behalf of Electric Utilities at F.C.C. Hearing to Review Radio Frequency Allocations:
Introductory Testimony—R. V. Dondanville, 341
General and Technical Testimony—G. H. Underhill, 343
General and Technical Testimony—Charles T. Malloy, 389
Statement on Behalf of EEI and AEIC—Philip H. Chase, 391
Radio Noise from Fluorescent Lamps—C. S. Young, 59
Record Tells the Story of Puget Power—Frank McLaughlin, 11
Reducing Government Questionnaires Through Utility Sub-Committees—David J. Guy, 100
Regional EEI Home Service Conference Held at New York, 192
Report to the Industry on RTPB Work—G. H. Underhill, 292
Resolution Providing for Special Committee to Study Possibilities of Consolidating Electric Industry Trade Organizations, 198
Rocky Mountain Electrical League Annual Meeting, 365
Rural Electrification
An Appraisal of Farm Electrification Needs—Roy E. Hayman, 103
Expanding Electric Service on the Farm—Grover C. Neff, 133
Farm Extension Plans—Positive Approach—G. V. Rork, 216
Present Challenge of Rural Electrification—C. H. Leatham, 29
Rural Market and Utilities—Walter H. Sammis, 159
Utility Approach to the Farm Market—Walter H. Sammis, 173
Who Is Responsible for Farm Electrification?—J. A. Whitlow, 39

S

Significance of the Term "Net Property" As Applied to Public Utilities—S. Ferguson, 6
Sixth Ingredient—The Heat Pump—Philip Sporn, 240

Some Problems Facing Operating Executives and Engineers in Postwar Era—C. B. McManus, 373
Some Thoughts on Our Problems of Today and Tomorrow—Edwin Vennard, 131
Southeastern Electric Exchange Sales Conference, 384
Southern Safety Conference to be Held at Atlanta—64
Standardization
Long Range Values in Standardization of Electric Apparatus—H. V. Erben, 83
Standards
Progress Report of ASA Electrical Committees, 89
Subsidized Competition—H. C. Webb, 181
Synthetic Rubber
Properties of Electrical Insulating Compounds Made From Buna S (GRS)—E. W. Davis, 314
System Planning
See also Distribution
Problems Ahead for Electric Utilities Which Offer the Greatest Opportunity for Further Study—E. V. Sayles, 273

T

T.V.A. Taxes Going Down; Private Utility Taxes Coming Up, 44
Tax Equality—Ben C. McCabe, 213
Taxes and Taxation
Excess Profits Tax—C. W. Kellogg, 305
Federal Projects, Co-Operatives Held Threat to Utilities—Shelly Pierce, 393
Memorandum on Postwar Taxes—Grover C. Neff, 337
Tax Equality—Ben C. McCabe, 213
T.V.A. Taxes Going Down; Private Utility Taxes Coming Up, 44
Ten Years Without Progress in Accident Prevention—A Challenge to Our Industry—K. R. MacKinnon, 27
Tentative Job Valuation Plan—Herbert M. Sharp, 106
Testimony on Behalf of Electric Utilities at F.C.C. Hearing to Review Radio Frequency Allocations:
Introductory Testimony—R. V. Dondanville, 341
General and Technical Testimony—G. H. Underhill, 343
General and Technical Testimony—Charles T. Malloy, 389
Statement on Behalf of EEI and AEIC—Philip H. Chase, 391
Transmission and Distribution Committee
Buffalo Meeting, 363
Chicago Meeting, 189
Cincinnati Meeting, 61, 93
Two More Companies Win National Security Award, 162

U

Underground Conduit System Installation Using Tunnel Construction Method—P. B. Boyd, 387
Utility Approach to the Farm Market—Walter H. Sammis, 173
Utility-Dealer Relationships in Postwar Selling—C. E. Greenwood, 51
Utilities' Rivalry Waged in Seattle—Thomas P. Swift, 264

W

Watthour Meter—Modern Versus Old—Arthur B. Craig, 356
Weatherman Can Help in Load Forecasting for Utilities—A. E. Davison, 361
West Penn Power Receives National Security Award, 60
What Have We to Sell?—C. W. Kellogg, 153
What Women Want in Equipment for Their Kitchens of Tomorrow, 317
What's a Watt—C. M. Ripley, 301
What's Ahead in Lighting?—R. C. McFadden, 145
Where Do We Go From Here in Accident Prevention?—H. O. Sprinkle, 265
Who Is Responsible for Farm Electrification?—J. A. Whitlow, 39
Winning "Miss Public" With Good-Will Advertising—Kimball I. Jack, 109

Authors' Index

B

Bailey, Alex D.
Fundamental Investigation of Graphitization of Piping—Progress Report No. 2, 125
Berman, H. H.
Linemen Cutouts, 327
Birdseye, Clarence
Effect of Perishable Food Preservation on Electric Utility, 143
Boulet, C. B.
How We Do It, 348
Bourne, W. G., Jr.
Progress Continues in Simplification of Reports to Governmental Agencies, 38
Boyd, P. B.
Underground Conduit System Installation Using Tunnel Construction Method, 387
Breckenridge, H. K.
Manpower and Labor Trends, 209

C

Caldwell, Dr. O. H.
How Edison Discovered Keystone of Electronics, 74
Carpenter, William M.
Other Side of the Mountain, 65
Chase, Philip H.
